PREFACE.

The present volume is designed to afford a reliable guide to shippers of merchandise throughout the Pacific States and Territories, including British Columbia and Mexico. The plan of the work embraces a complete list of towns and stations in California, Nevada, Oregon, Washington Territory, British Columbia, Alaska, Arizona, Montana, Utah, Colorado, Idaho, and the States of Mexico bordering on the Pacific; together with the name of the town or station to which or by way of which goods can be shipped, and the route of shipment.

By reference to this book, merchants can determine at a glance how packages should be consigned.

In numerous instances prepayment of freight is compulsory. Such cases are designated in this list by the letter "P," and places at which Wells, Fargo & Co. have express stations are designated by the letter "W." All routes competing, or otherwise, are given—steamer, rail, sailing-packets or stage and freight lines.

The publishers, in compiling this volume, feel assured that they are supplying to our merchants and manufacturers a much needed work, and one that is thorough and concise in the information it professes to give.

Information concerning nearly five thousand points is given, with a care and precision that is the result of much research and investigation, and which may be implicitly relied upon.

Information is also given as to the particular door or division of each freight receiving warehouse in the city to which goods should be taken for any specified locality or point; also, the location of all city wharves receiving goods for shipment, and all such other information as to furnish a fair guide to shippers.

It is the intention of the publishers to add to and revise subsequent editions of the work, in such a complete and thorough manner as to meet the wants and command the approval of the merchants and shippers of the coast.

DOMESTIC POSTAL RATES.

All mail matter addressed to Initials will be sent to the Dead Letter Office, unless a Street address or box number is given, in which case it will be delivered as addressed.

LETTERS.

AND MATTER WHOLLY OR IN PART IN WRITING, OR IN A SEALED PACKAGE, OR SO ENCLOSED THAT THE CONTENTS CANNOT BE EXAMINED WITHOUT INJURING THE WRAPPER.

To any part of the United States, three cents per half ounce, or fraction thereof, to be fully prepaid, or penalties will be inflicted as below stated.

Drop or local letters at Post Offices having letter carriers, two cents per half ounce, or fraction thereof; at offices not having letter carriers, the rate is one cent per half ounce, or fraction.

Letter rate of postage will be charged on all matter that has any communication in writing, or by signs (excepting as below noted), and upon all matter that is not so enclosed as to permit it to be examined without destroying the wrapper; and upon all matter in which any communication is concealed.

Postage on letters must be fully prepaid; if prepaid one full rate, they will be forwarded, and the amount of deficient postage collected on delivery; if wholly unpaid, or prepaid with less than one full rate, they will be sent to the Dead Letter Office, or if forwarded, by mistake, double the regular rates shall be collected on delivery.

Letters will be returned to the writer, free, if a request to that effect is placed upon the envelope.

A letter will be forwarded by the Postmaster who may hold it, to another Post Office, at the request of the person to whom the letter is addressed.

Stamps out from stamped envelopes are valueless; but Postmasters are authorized to give good stamps for stamped envelopes or newspaper wrappers that may be spoiled in directing, if presented in whole condition and with satisfactory evidence.

The weight of a letter packet must not exceed four pounds.

Registration fee, on packages prepaid at letter rates, not over four pounds in weight, to any part of the United States, ten cents for each package, in addition to the postage. The package must be endorsed on the back with the name and address of the sender, and a receipt will be returned from the person to whom it is addressed.

POSTAL CARDS.

Price one cent each, regardless of quantity.

Nothing must be added to a postal card, except that a printed address slip may be pasted on the address side.

The address only must be placed on the face (or stamped side) of the card, and the communication, which may be either written or printed, on the back. Two or more advertisements can be printed on the back of the same card.

They may be sent to any part of the United States, and are entitled to all the privileges of letters, excepting that, first, they will not be returned to the sender; second, they will not be advertised or sent to the Dead Letter Office, if not called for; third, if not delivered in sixty days they will be burned by the Postmaster.

Any printed card may be sent through the mails if prepaid at the rate of one cent for every two ounces, providing it contains no written matter except the address, which, with the stamp, should occupy one side of the card.

A card containing any scurrilous or indecent communication will not be forwarded.

PRINTED AND MISCELLANEOUS MATTER.

All packages that are over the prescribed weight of four pounds are subject to letter postage. No package (except those entitled to the "Franking Privilege") will be forwarded, unless fully prepaid.

SPECIAL NOTICE.—Postal matter of this description must be wrapped so that the contents can be examined without cutting or injuring the wrapper or the cord; if tied with a cord, it must be done with a slip-knot. An envelope notched at the ends or corners is not considered a proper wrapper, because the contents cannot be examined without destroying the envelope.

No signs or marks must be made upon the wrapper (except the address) nor upon the contents, except as specially mentioned below, and if any of these particulars are violated, the infringement subjects the whole package to letter rates, and the collection of the same penalties on delivery, as imposed on insufficiently prepaid letters.

The following are the exceptions to this general rule:

Publishers of newspapers and periodicals may print the names and date

of expiration on the wrappers, and may inclose bills and receipts for subscription.

A business card may be printed or pasted (if printed) upon the wrapper or envelope.

Samples may be numbered, or marked by signs, to correspond with similar marks in catalogues, invoices, or letters.

Typographical errors in circulars, price currents, catalogues, etc., may be corrected by writing.

A circular may have a written address (name of party to whom sent) inside, but no other writing on the circular.*

A simple mark for the purpose of calling attention to a particular article in printed matter, may be made.

The sender of a package may write his or her name and address on the wrapper, or in or on its contents, with the word "from" preceding it.

The names and numbers of articles in a package may be written or printed on the wrapper.

Different articles may be placed in the same package, provided all the contents belong to the same rate of postage, or provided the highest rate that any of the contents would be subject to is paid on the whole package.

Cards, circulars, catalogues, etc., relating to the business of one or more firms, may be sent in the same envelope, provided that the highest rate due on any of the contents be paid on the whole package.

All liquids, poison, explosives, etc., or anything liable to injure or deface the contents of the mails, will not be forwarded. If such articles are deposited in the mails, they are thrown away, as they cannot even be sent to the Dead Letter Office.

Transient newspapers, magazines and other periodicals (not sent by publisher to subscriber) not exceeding four pounds in weight, one cent for each two ounces, prepaid by stamps. It should be noticed that the rate is not one cent for a paper, but one cent for each two ounces, and care should be taken that the package is prepaid according to weight, before mailing it.

Newspapers and periodicals, mailed by some known office of publication, or news agency, and addressed to regular subscribers or news agents, must be prepaid at office of mailing, as follows: For publications issued once a week, or more frequently, two cents for each pound or fraction of a pound. For publications issued less frequently than once a week, three cents for each pound or fraction of a pound.

The above rates apply to publications not to be delivered within the Post Office District in which they are mailed. Newspapers and periodicals to be delivered either through the General, Box or Carriers' Delivery of the Office where mailed, must be prepaid, as follows: On newspapers (except weeklies), whether regular or transient, and without regard to weight or frequency of issue, one cent each, to be paid by stamps. Weekly newspapers, to regular subscribers, to be prepaid in money at office, two cents per pound or fraction thereof. Weekly newspapers to transient parties, one cent for each two ounces, or fraction thereof, to be paid by

stamps. On periodicals (other than newspapers), whether transient or to regular subscribers, not exceeding two ounces in weight, one cent each; over two ounces, two cents each.

Newspapers are delivered free to subscribers residing in the county where printed, except that if deposited in an office for delivery by same office, the above rates must be paid.

Regular publications, designed primarily for advertising purposes, or for free circulation at nominal rates, cannot be sent at the bulk rates above, but must be prepaid by stamps at the rate of one cent for each two ounces.

Printed matter, one cent for each two ounces or fraction thereof; this class embraces the following, if printed on paper: Books, catalogues, hand-bills, maps, pamphlets, posters, proof-sheets, prospectuses, and sheet music. The foregoing must all be "Printed"—if they are "Lithographs," or if they have anything added to them, as a pencil, or a silicate slate, or a marker in a book or pamphlet, or a stick to a poster, hand-bill or map, they are charged as "Merchandise."

Merchandise, Samples, etc., one cent for each ounce, or fraction thereof; including the following articles, and all others not otherwise mentioned: Blanks, printed or lithographed, of every kind, bound or unbound; bulbs; card board; cards, printed or blank, or for samples; circulars (see below); chromo lithographs; cuttings; engravings; envelopes of all kinds, printed or unprinted; lithographs; merchandise of all kinds, except liquids, poisons, etc; metals, minerals, ores, etc.; paper of all kinds, unless embraced in list of "printed matter," above; patterns, of all kinds; photographs, of all kinds; pictures; postal wrappers; roots and scions; samples of every description, except liquids; seeds, and stereoscopic views.

Unsealed circulars, one cent for each ounce or fraction thereof. Different kinds may be placed in the same envelope. Circulars for local delivery, by carrier or Post Office delivery in the city where mailed, one cent for each circular. A circular is understood to mean a sheet similar to an ordinary letter sheet of two or four pages; it is not a pamphlet, nor anything that assumes that shape.

Manuscript, belonging exclusively to book-work, one cent for each ounce.

Proof Sheets, corrected or uncorrected, one cent for each two ounces. Manuscripts or corrected proof sheets belonging to other than book-work are rated at letter rates.

DOMESTIC MONEY ORDERS.

These orders, payable at any Money Order Post Office in the country, are issued at the following rates: For \$15 or less, 10 cents; for \$15 to \$30, 15 cents; for \$30 to \$40, 20 cents; for \$40 to \$50, 25 cents.

When more than \$50 is required, additional orders must be obtained; but not more than three orders will be issued in one day to the same payee, at the same office.

If a money order is lost, a certificate should be obtained from both the paying and issuing Postmaster that it has not been paid, and will not be paid, and the Department at Washington will issue another on application.

If a money order is not collected within one year from date, it is invalid, and can only be paid by the Department at Washington on application through the issuing or paying Postmaster.
